

Driving Innovation, Expanding Access, Transforming Healthcare

Key Achievements & Impact (2022–2024)

Who We Are

Alliance Consultancy is a leading public health technical support organization, operating in Eastern Europe, Central Asia, and beyond. Established in 2008 by Alliance for Public Health (APH), we provide expert solutions in crisis response, digital health, technical assistance, and policy advocacy. Our mission is to provide expert guidance and support to organizations and communities, empowering them to overcome challenges and achieve sustainable growth.

UNAIDS

Our Work & Achievements

From 2022 to 2024, Alliance Consultancy, in close partnership with the Alliance for Public Health and global donors, implemented **11 impactful projects**, and have **2 ongoing into 2025**, significantly strengthening healthcare access, telemedicine, and emergency response in Ukraine.

Crisis & Humanitarian Response: Through the HelpNow HUB, we facilitated over 35,000 essential health services, ensuring ART continuity, opioid agonists therapy (OAT), mental health support, and medical navigation for displaced Ukrainians across 50+ countries and 220+ cities.

Telemedicine Expansion: Our Help24 TeleHealth Online Clinic and HelpNow Clinical HUB conducted over 20,000 online medical consultations, integrating digital health services with national healthcare frameworks. We established 3 Telemedicine Hubs in Kyiv, Dnipro, and Khmelnytskyi, creating a hybrid model of virtual and in-person care.

Technical Assistance & Capacity Building: Supported national healthcare systems in **Serbia, Ukraine, and Kyrgyzstan**, improving HIV and TB response strategies, strengthening civil society participation and enhancing health service delivery.

Community-Led Monitoring (CLM): In partnership with Eastern Africa National Networks of AIDS and Health Service Organizations (**EANNASO**), and Asia/Pacific Council of AIDS Service Organizations (**APCASO**), we developed specialized CLM tools, training resources, and monitoring frameworks, empowering communities in multiple countries to enhance healthcare accountability. Alliance Consultancy took part in long term TA provision to the **Philippines, Bangladesh** and **Cote d'Ivoire** and led a short term TA assignment for **Moldova**.

Research & Policy Impact: Conducted evidence-based research with European Monitoring Centre for Drugs and Drug Addiction (**EMCDDA**) and **KPMG Bulgaria**, strengthening harm reduction policies, drug use monitoring, and HIV prevention strategies across the region.

Strategic Partnerships: Collaborated with key global health actors, including **The Global Fund, Gilead Sciences, Aidsfonds, Frontline AIDS, WHO, UNAIDS, Public Health Center of MoH Ukraine, Alliance for Public Health, Regional Project SoS 2.0**, number of other institutions, national health agencies and organizations, ensuring sustained impact and policy influence.

Looking Ahead

As we move into 2025 and beyond, Alliance Consultancy is expanding its Help24 TeleHealth platform into additional underserved regions, institutionalizing telemedicine into national healthcare systems, and will continue to provide crucial technical assistance to ensure greater healthcare accountability and community engagement. Our vision is to continue driving innovation, improving access, and transforming healthcare for the most vulnerable communities worldwide.
